

**Mallard Plans**

LOA = 12ft (3.66m)  
Beam = 5ft (1.52m)  
Draft = 6½ins/3ft1ins (0.16m/0.94m)  
Sail area 88sq.ft (8.2sq.m)

Originally designed for The Boatman magazine Mallard is a larger sister to Coot and intended for similar methods of construction. Drawings consist of hull lines plan, full size frame and transom patterns, general arrangement/construction drawing, sail plan and spar drawing with rigging details, full size rudder and centreplate patterns, and fittings list. Drawn to imperial scale.

The drawings are fully dimensioned and provide scantling details throughout, but do not include step by step instructions.

The price of the plans includes the royalty for building one boat only - repeat fees are due when additional boats are built.

**Plans price:**

£110 for e-mailed PDF files which can be taken to a local print bureau for printing. If you would like me to send you A1 prints add £20 plus £8.50 UK p&p or £15 overseas p&p to cover posting the drawings rolled in a mailing tube.

Payment should be in £ Sterling by a cheque drawn on a UK bank, by electronic transfer (ensuring no charges are incurred at this end – e-mail me for bank details), or by PayPal (a £6.00 charge is added to cover PayPal costs but this the most cost effective method for international sales – e-mail me and I will issue a PayPal invoice). Please make cheques payable to ‘Wolstenholme Yacht Design Ltd.’.
